

EDITORIAL COMMENTS.

Portugal is threatened with a new insurrection.

Dr. Dumba has asked Vienna to let him jump before he is pushed.

The Liberty Bell will be in Paducah Nov. 20 and Louisville Nov. 22.

China's Minister of Agriculture is Mr. Chou, who was educated in America.

Geo. R. Wendling and Bob Taylor are dead, but thank God, Bill Howell and Claude Clark still live.

Dr. Dumba has asked for a vacation to go home and tell all about it. He'll get it and a good long one.

Patrick Henry is a deputy-sheriff at Hickman, Ky., and George Washington lives at Springfield, Tenn.

The finding of three dead Mexicans who "escaped" from a Texas jail does not look good. This is a civilized country, and not Mexico.

Sarah Bernhardt has put off her farewell visit to this country, saying four of her company have been killed in battle and others are in the army.

Miss Ella Bush, a trained nurse of Lexington, drank carbolic acid, leaving a letter to Joe Candetta, of Winchester, saying she didn't care to live without his love.

Did Bernstorff tell Secretary Lansing a lie when he told him Germany would give full satisfaction in the Arabic incident, or did the Kaiser change his mind after agreeing to be good?

In a skirmish near Brownsville between 10 Americans and 30 Mexicans, Private Anthony Craft, of Detroit, was killed and two other Americans wounded before the Mexicans were routed.

No committee met the Bee Line Committee at Henderson Monday morning and the Gleaner gave the city a deserved roast for its lack of enterprise and progressiveness. No doubt Henderson will do better when the visitors return tomorrow night.

Candidates Morrow and Green are making specific charges against one of the nominees on the Democratic ticket, giving names, dates and amounts. These charges should be answered with something more than a general denial or they will influence voters in a race that may be close.

Good old Governor McCreary says he is ready to make speeches in support of his administration and the matchless administration of national affairs of Woodrow Wilson, and offers to go wherever and whenever the party should need his service. To him should be given the duty of defending charges made against some branches of the administration of which he is the head.

Now that the municipal scandal has lost its excitement, the Nashville Banner is seeking to stir up something else. In a leading editorial it jumps with both feet on the man who salts his watermelon. Perhaps the learned editor will tell us how he stood on the question of stealing watermelons when he was a boy, with the assurance that any high moral position he may take will be accepted with a few grains of salt.

Mrs. Lindsay, a councilwoman of Los Angeles, who was acting mayor for a day, says she would do many things if she were really mayor, including the following: "I would have the city do its own paving with its own citizens; I would abolish the city jail and substitute a misadventure farm; establish a blacklist for drunkards and see that it was enforced, establish the single tax system, have a school for mothers, abolish the loan sharks and place free milk stations all over town." Free milk shakes would not be bad, but who would darn Mr. Lindsay's socks while his wife was doing all this?

THE PEARL CITY OF THE PENNYROYAL

AGRICULTURE EXHIBITS

Will Have Choice Position at The Great Pennyroyal Fair.

AGENT A. M. CASEY IN CHARGE

Will Assist Exhibitors in Preparing and Arranging Display.

Features galore are promised the visitors to this year's Pennyroyal Fair. In the first place, the year has been an unusually successful agricultural one, and this assures one of the best displays along this line in the history of the fair.

County Agent Casey will be in charge of the agricultural display and has already looked over the space allotted to this department, mapping out plans which are new and which will put before fair visitors in a pleasing way the most prominent products of Christian county soil.

Mr. Casey will be glad to co-operate with any farmers or gardeners who expect to show their products and will go to their places and assist them in selecting specimens of their various crops, showing them how to prepare them for exhibition. His help along this line should be of great advantage to the farmer, for he has had a number of years' experience in Fair work.

The Agricultural Judges will be Geoffrey Morgan and Prof. J. H. Carmody, and this announcement alone will be an incentive for filling the space allotted to overflowing, for it has been the work of Geoffrey Morgan to make the farmers of Christian county lend their energies towards bringing the soil to that high level of production for which nature, with unusual generosity, both as to climate and soil, has made it.

The Pennyroyal Fair, aided by the Fiscal Court, the bankers and many merchants offer high class premiums in this department, and an examination of the premium list as offered, will be well worth the time.

Catalogs can be obtained from the Secretary.

DEATH WAS VERY SUDDEN

Fatal Attack Received While Victim Was on Visit.

Mrs. Jennie Hester, of Weaver's Store, Tenn., died suddenly Tuesday morning at the home of Mr. A. W. White, in Lafayette. She had just arrived on a visit to Mrs. White and while engaged in conversation became suddenly ill and expired in a few minutes. She was seemingly in her usual health when she arrived at the White residence and gave no evidence of being ill. Death was due to heart failure.

Mrs. Hester was 70 years old. Her husband was the late Obadiah Hester.

CONCRETE SIDEWALKS.

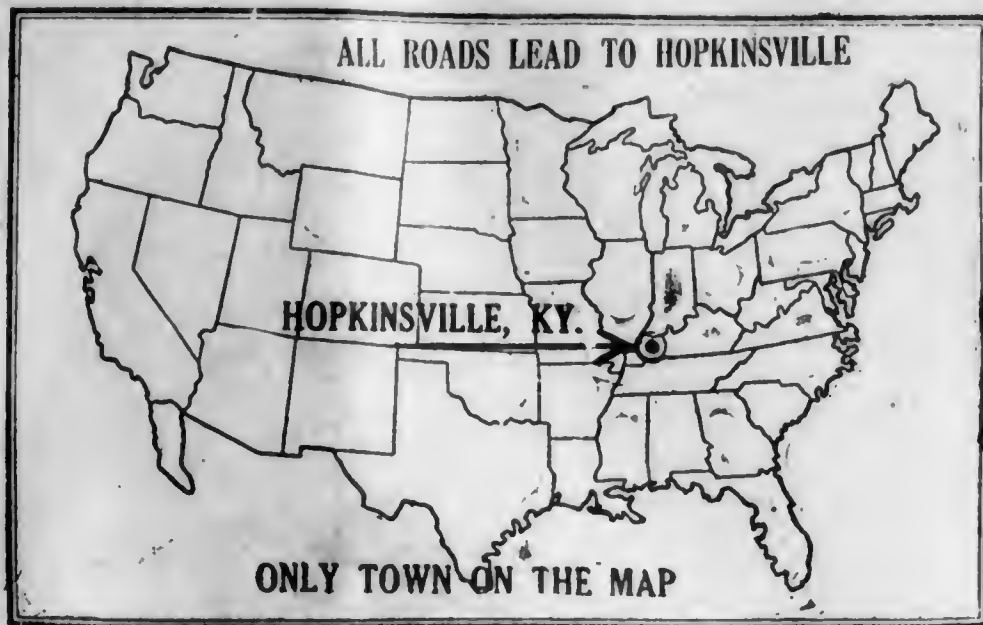

Many of the residents on South Main street are this week having their old brick pavements torn up to be replaced with concrete sidewalks under a recent ordinance. All unfinished places to the city limits are to be concreted.

SUCCESSFUL OPERATION.

Miss Ella Crute, of Cadiz, was operated upon Tuesday morning at the Jennie Stuart Hospital, for appendicitis and other complications, a very difficult operation. She stood the ordeal well and is now doing nicely.

EXTENDS THE GLAD HAND TO THE DIXIE BEE LINERS

COMMISSION TO LOCATE ROUTE ARRIVED HERE LAST NIGHT AND A GREAT POPULAR RECEPTION WAS GIVEN AT VIRGINIA PARK, WITH MANY SPEECHES.

Hot, tired and dusty, but bubbling over with enthusiasm for the royal reception which has met them at every turn since they left Evansville Monday morning, the Dixie bee line official route inspection committee arrived at Russellville Tuesday afternoon to partake of more hospitality and to spend the night. The inspection committee sees much to be done yet before the roads fighting for the Dixie bee line are really such as they should be for a national highway, but are fully convinced from the way the excellent work done on all the roads—both dirt and pike—in order to have them in shape for inspection, that the permanent roads will be built in due season. The dust has been very unpleasant, but this was something which it was impossible to avoid in such hot, dry weather, and the committee took it philosophically.

Tuesday morning a long line of automobiles went from Greenville to Madisonville, where the committee spent Monday night. Promptly at 8 o'clock the machines received their loads and were off to Greenville. The trip was made in an hour and a half along roads that were gay with flags all the way and on which the pupils and teachers of the several schools lined up alongside the road and shouted and waved flags if the welcome.

At Greenville the courthouse was packed and jammed and a rousing meeting was held for the good roads in general and the Dixie Bee-Line in particular. For the visitors speeches were made by Col. Joel B. Fort, of Tennessee, and Col. W. R. Howell, of Hopkinsville, and President Benjamin Bosse, of Evansville. The local speakers were Mayor T. J. Sparks and Attorney W. H. Drake. At noon the committee was served a sumptuous dinner at the Old Inn, immediately after which they left on the first lap of the trip to Russellville. The Muhlenburg county auto-

mobiles carried the tourists to Dunmore, where they were taken in charge by the Logan county delegation, which had a long line of autos, and these carried them into Russellville.

Again they passed through a lane of flags all the way from Greenville to Russellville and at Russellville found another town in gala attire to welcome them. Tuesday another big banquet was served at which there was another round of enthusiastic speeches over the Dixie Bee-Line proposition.

Wednesday morning the committee journeyed to Springfield, Tenn., by way of Adairville. Springfield is the southern terminus of the Dixie Bee-Line, or the point where the Dixie Highway is met again after it is left at Danville, Ill. So here the automobiles turned northward again and, passing through Cedar Hill and Adams, reached Guthrie for dinner. At Guthrie a crowd of 5,000 was on hand, and the dinner was a genuine Kentucky affair with burgoo and the usual accompaniments, served at the big fair grounds in order to have plenty of seating capacity.

The first stop after dinner was at Trenton at 2:30 and this bustling little town was in gala attire, bunting and flags decorating residences, business houses, offices and all public buildings and everybody was ready to extend the glad hand.

The city had declared a holiday and a public reception with a brief welcome program was extended the visitors on arrival. The farms all along the Todd county line extending from the Christian county line to Guthrie were decorated for the occasion.

At Pembroke the reception was repeated with added enthusiasm for there the long line of Christian county autos were in waiting to bring the visitors to Hopkinsville. They arrived here last night and were met by a reception committee of 200 with

badges of blue ribbon. The city was decorated with flags and bunting and the parade was headed by the Third Regiment Band, which met them at Pembroke.

A number of Hopkinsville people went to Guthrie to meet the crowd. In M. C. Forbes' car was a party consisting of Mr. Forbes, Geo. E. Gary, W. A. Long, Miss Addie Belle Gray and Miss Mattie Crenshaw.

About 20 or 25 empty autos went to Pembroke yesterday afternoon and brought the nineteen committeemen and the 50 or more guests with them officially, together with the speakers and local workers. It was a long procession of road enthusiasts who came in by the Nashville pike and found a great gathering of school children in the McLean campus to accord the first vociferous welcome.

The visitors were conducted to Hotel Latham where there was provided for them a fine dinner in Landlord Noe's best style.

The night was hot and the Park was the very place for the big open air meeting that followed, with the beautiful Pavilion used as a stand for the speakers and musicians.

The Park was in apple-pie order and never shone to better advantage. President R. E. Cooper presided and the program included a formal address of welcome by Col. W. R. Howell and short speeches by W. T. Fowler, Judge Walter Knight and Claude R. Clark for the local side and by Mayor Bosse, of Evansville, and others of the visitors. The full program of speeches was not made up in advance and could not be secured.

The visitors will leave in Hopkinsville autos this morning by the Madisonville road for Crofton for a stop and thence to Dawson, where the Hopkins county committee takes them in charge for the finish.

TEACHERS' EXAMINATION.

The last teachers' examination for the year 1915 will be held on Friday and Saturday, the 17th and 18th of this month in the office of the County Superintendent. This will be the last chance any white teacher will have to secure a certificate to teach this year.

The examination for colored teachers will be held on Friday and Saturday of next week.

Examination for a State certificate will be given at each of these examinations.

Trieste is a center of meerschaum pipe industry. Perhaps that is why the Italians are so anxious to get there. Pipes of peace are needed.

BRIGHT'S DISEASE CAUSES DEATH.

Matt Estes died at the Western State Hospital Monday night of Bright's disease, aged 28 years. He was from Union county and was received here about eighteen months ago. His remains were shipped to Morganfield for interment.

APPENDIX REMOVED.

Thomas Averitt, of Triggy county, was operated upon yesterday morning at the Jennie Stuart Hospital for appendicitis. He stood it well and his condition is very favorable.

Sam J. Lander left yesterday morning for Louisville, to attend the State Fair.

JUST THINK OF IT.

An inch of snow fell in Norton, Phillips and Smith counties, Kansas Parts of Southern Nebraska also report a slight precipitation. A Chicago, Rock Island and Pacific railroad train was delayed one hour west of Phillipsburg when it encountered a snowdrift. A strong wind prevailed. This was not last winter, but last Tuesday.

AGED 95 YEARS.

Sallie Larkin, a colored patient at the Western State Hospital, died a days ago at the age of 95 years. She was received at the institution from this county about four years ago.

RIGA IS THREATENED

Von Hindenburg's Army Advances to Within Thirty Miles of Dvinsk.

ARTILLERY BUSY IN WEST

Parliament Reassembles at London After Six Weeks' Recess.

London, Sept. 15.—The German drive toward Dvinsk goes forward unchecked, according to Berlin, and von Hindenburg's army has taken 5,000 prisoners in the last twenty-four hours and has pushed forward to within about 30 miles of the Dvinsk fortress.

Riga for the time is left unthreatened by direct attack, but should von Hindenburg get firmly astride the Petrograd railway farther south, it would expose the Baltic port to a serious enveloping movement.

All the mid-Poland fighting, the Germans claim is progressing in their favor, but the Russians are still on the offensive in Galicia, pressing the Austrians with a vigor that recalls their dash through Galicia last winter.

The artillery duel in the west has not slackened. Both sides are making a prodigious expenditure of shells, leaving the public to guess when any general infantry attack is coming.

After six weeks' recess, parliament has reassembled at London, the first session developing nothing notable except the premier's flat refusal to discuss conscription proposals.

The prime minister will move a vote of credit variously estimated at from \$750,000,000 to \$1,250,000,000.

TAKEN BACK TO TENNESSEE

Eugene Jenkins, Wanted On Serious Charge, Carried to Paris.

An officer from Paris, Tenn., came in Tuesday night, armed with requisition papers for the return of Eugene Jenkins, in jail here, charged with horse stealing, and he left with the prisoner yesterday morning for Paris. T. D. Smith, of Paris, preferred the charge and Jenkins was taken into custody here about ten days ago. He refused to return to Tennessee without a requisition.

NICK AND GEORGE.

London, Sept. 15.—Reuter's Petrograd correspondent forwards the following telegram sent by Emperor Nicholas to King George:

"In this serious time which my country is going through, I have decided to take the leadership of my armies in my own hands. In announcing to you this fact I once more express my conviction that with God's help and through the combined efforts of the allies, their final victory will crown this bloody war."

The emperor, according to the correspondent, received this reply:

"I am delighted to hear that you have assumed command of your armies in the field. I heartily share your convictions that, with the help of God, you and your brave troops with those of the allies will finally secure victory with an honorable and lasting peace. My thoughts will be more than ever with you in these anxious times."

An international exposition of electrical appliances and a general Spanish exposition will be held in 1917.

The present crop of mosquitos is
the largest in numbers and the
largest in size of any of the insects
that have ever appeared in this section.

Joseph P. Parrott, of Wichita,
Kan., at Evansville Sunday married
his old sweetheart of 40 years ago,
Mrs. Nellie Riggs. Each is 50 years
old.

Typhoid fever causes 18,000 deaths
a year, but knowledge of the disease
has reduced the mortality to 9 per
cent as there are 200,000 cases every
year in the United States.

George Fitch is dead but the
Adams Newspaper Service is still
supplying "Vest Pocket Essays" under
his name, that were ground out
before his career was cut short.

German aeroplanes, it is said are
constantly flying over Serbian and
Bulgarian territory from Orsova
Hungary, to Adrianople. Each of
them is loaded to its full capacity,
according to the reports, with sup-
plies for the Turks.

Secretary Daniels will recommend
to Congress that the number of mid-
shipmen in the naval academy be in-
creased to capacity. That would
mean the appointment of practically
300 more midshipmen than will be
enrolled this fall, or about 1,200.

This has been a year for insects.
Not only are the mosquitos worse
than ever known, but caterpillars
are devastating the trees to such an
extent as to injure the beauty of the
city. In many localities the pests
have left the trees almost leafless
and the tree worms pervade the
yards and porches in such hordes as
to drive the people indoors. This is
the second crop this year and is like
the sands of the sea in numbers. The
infection is so general as to seriously
threaten the existence of the young-
er trees and the time for stock flies
is now at hand with misery for the
animals.

Mrs. Lucetta Wing Patterson,
wife of Dr. James K. Patterson,
president emeritus of the State Uni-
versity of Kentucky, died at her
residence on the university campus
Saturday afternoon. Mrs. Patter-
son was born in Greenville, Ky., and
was the daughter of Captain Charles
E. Wing and met the young James K.
Patterson when he was principal of
the Presbyterian academy in Green-
ville, but at the time of their mar-
riage, in 1859, he was professor of
Latin and Greek in Stuart college
(now Southwestern University at
Clarksville, Tenn.). Two children
were born to them but both are
dead.

BELLS

TALE AMUSED SENATOR HOAR

Noted Statesman Told With Glee of
Southerner's Visit to Boston, Where
People Ate Beans.

Senator Hoar used to tell with glee
of a Southerner just home from New
England who said to his friend, "You
know those little white, round beans?"
"Yes," replied the friend, "the kind
we feed to our horses?"
"The very same. Well, do you
know, sir, that in Boston the enlight-
ened citizens take those little white,
round beans, boil them for three or
four hours, mix them with molasses
and I know not what other ingredi-
ents, bake them, and then—what do
you suppose they do with the beans?"
"They—"
"They eat 'em, sir," interrupted the
first Southerner impressively; "bless
me, sir, they eat 'em!"—Christian Reg-
ister.

Carelessness.

Mr. Flatbush—I see during some re-
cent explorations at Pompeii an an-
cient kitchen was unearthed. In the
fireplace there was a kettle on the
grate, just as it was left 1,826 years
ago by some cook residing in that
city.

Mrs. Flatbush—Such carelessness!
You can't tell me she hasn't had an
opportunity to put that kettle away in
all this time!

Hard to Get.

"Have plenty of trouble with cooks,
I suppose?"
"The cooks would be all right if I
could only get the necessary sup-
plies."
"What do you mean?"
"Well, last week I had a southern
mammy who was a fine possum artist,
and this week I got a Finnish cook
who is strong on reindeer dishes."

Putting It Nicely.

Former Mistress—I would like to
give you a good recommendation,
Della, but my conscience compels me
to state that you never get the meals
on time. I wonder how I can put it
in a nice sort of way.
Della—Yes, might I just say that OI
got the meals the same as OI got me
pay—Puck.

THE REASON.

She—Daisy married old Gotrox, but
she was engaged to his son.
He—Yes, but Gotrox threatened to
cut off his son's allowance if he mar-
ried her.

Woody Decorations.

"I understand," said Uncle Bill Bot-
tletop, "that the Turks are total ab-
stainers."
"Yes."
"Well, maybe they are. But I can't
see how any total abstainer could
think up some of the designs they put
in Turkish rugs."

A Cutting Remark.

"You have cut my hair too short,"
said the man to the barber. "Now cut
it longer."
And the barber, being a man of
many sides and much resource, did so.
He cut it three minutes longer.

Astray.

"It is my intention to lead you on
the way to righteousness," said the
reformer.
"Stranger," replied Bronco Bob,
"you're lost. If that's your destina-
tion your trail never would have led
you through Crimson Gulch."

The More Important Services.

"You have charged me too much for
this divorce," vociferated this opera
singer.
"Madam," protested the lawyer;
"consider the extra work you have
made me do as press agent."

Effect of One Bottle.

Crandall, Texa—"After my last
spell of sickness," writes Mrs. Belle
Teal of this city, "I remained very
ill, and stayed in bed for 8 weeks. I
couldn't get up all this time, and
though my doctor came to see me
every day, he didn't do me any good.
I had taken but one bottle of Cardui
when I was up going everywhere,
and soon I was doing all my house
work." Cardui helps when other
medicines have failed, because it con-
tains ingredients not found in any
other medicine. Pure, safe, reliable,
gentle-acting—Cardui is the ideal
medicinal tonic for weak, sick wom-
en. Try it.—Advertisement.

ANNOUNCEMENTS.

We are authorized to announce
R. H. HOLLAND

as a candidate for City Commis-
sioner of Hopkinsville, subject to the ac-
tion of the voters of Hopkinsville at
the primary election to be held on
Saturday, October 16th, 1915.

We are authorized to announce
F. H. BASSETT

as a candidate for City Commis-
sioner of Hopkinsville, subject to the ac-
tion of the voters of Hopkinsville at
the primary election to be held on
Saturday, October 16, 1915, as pro-
vided by Section 3480 B, Subsection 6
of the Kentucky Statutes.

We are authorized to announce
J. SOL FRITZ

a candidate for Commissioner for
the city of Hopkinsville, subject to
the action of the voters of said city
in the Primary election to be held
Saturday, Oct. 16th, 1915, as provid-
ed by section 3480 b, sub. sec. 6, Ky.
statutes.

We are authorized to announce
M. F. CRENSHAW

a candidate for Commissioner for the
City of Hopkinsville, subject to the
action of the voters of said city in
the Primary election to be held Sat-
urday, Oct. 16th, 1915, as provided
by section 3480 b, sub. sec. 6, Ky.
statutes.

We are authorized to announce
GARNER E. DALTON,

as a candidate for City Commissioner
of Hopkinsville, subject to the action
of the voters of said city at the pri-
mary to be held on Saturday, Octo-
ber 16th, 1915.

We are authorized to announce
R. M. WOOLDRIDGE

a candidate for Commissioner for the
City of Hopkinsville, subject to the
action of the voters of said city in
the primary election to be held Sat-
urday, Oct. 16th, 1915, as provided
by section 3480 b, sub. sec. 6, Ky.
Statutes.

We are authorized to announce
W. R. WICKS

as a candidate for City Commis-
sioner of Hopkinsville, subject to the ac-
tion of the voters of Hopkinsville at
the primary election to be held on
Saturday, October 16, 1915, as pro-
vided by Section 3480B, Subsection 6
of the Kentucky Statutes.

Going Back Into History.

That somebody crossed Bering
strait is certain. The Manchus would
easily pass for Indians. There are
peoples in the region north of Vlad-
vostok that, given a haircut and a
bath, could by no possible means be
distinguished from tribes of our Pa-
cific coast subjected to the same in-
dignity. Clearly, either North Amer-
ica was peopled from Asia or else Asia
was peopled from North America.
There is absolutely no direct evidence
to show which continent peopled the
other.

Unusual Offer To Our Readers.

For a limited time, and subject to
withdrawal after 30 days, the well-
known publishing house of the J. B.
Lippincott Company, Philadelphia,
founded in 1792, offers to the readers
of this paper a 12 months' subscrip-
tion to "Lippincott's Magazine" and
a year's subscription to the Kentuck-
ian, both for \$3.00. This is the price
of a twelve months' subscription to
"Lippincott's" alone. Additional to
obtaining every issue of this paper
for a year, our readers will receive
in "Lippincott's," 12 great complete
novels by popular authors, 106 short
stories, crisp, entertaining, original
45 timely articles from the pens of
masters, and each month some ex-
cellent poems with the right senti-
ment, and "Walnuts and Wine,"
the most popular humor section in
America. To obtain this extraordinary
offer prompt action is necessary.
Remit to J. B. Lippincott Company,
Washington Square, Phila., Pa.

TYPO CLOSED UP FOR NIGHT

Fake Substitute, Taken With Pains,
Turned Upper Case Down Over
on the Lower One.

A printer in the Eagle office tells
this: In the old days, when a typo
laid off he had to provide a substitute.
A printer named Jenks, wanting a lay-
off, was compelled to persuade a man
who was not a printer to take his
place at the case, explaining to him
that he could be taken suddenly sick
and get away from the office before
the fraud was discovered.

Shortly after the fake substitute
lined up before the case with its cu-
rious little boxes full of loose type, he
was seized with fake pains.

"What's the matter with you?"
asked the foreman, coming to his side.
"I don't know," said the fake print-
er. "I'm terribly sick. I can't work.
You can see that. I'll have to close
up for the night."

And he reached up and turned the
upper case down over the lower one.—
Wichita Eagle.

VAST.

Policeman—How can you be tired
when you are doing nothing?
Beggar—I guess it's because there
is so much of it to do.

Clerical Error.

"Although the count was flatly re-
fused by Miss Scadson last year, he
proposed again this year."

"Did he offer any explanation?"
"Yes. He claims it was due to a
mistake of his secretary, who got Miss
Scadson's name confused with the
names of a number of other heiresses
to whom the count has not yet pro-
posed."

Among the Wise Men.

"Are there any seats of learning
hereabouts?" asked the visitor at Per-
kins' Corners.

"I s'pose you mean colleges," said
the native. "We ain't got nobtin' of
that sort, but if you'll set fur a spell
on a cracker box at Sam Bixley's
store you kin learn all about the right
way to run the government."

To Be Sure.

"It is true that a woman can offer
up a better prayer at church when
she is wearing a new hat than she
could if she had on a last year's
model?"

"I have no doubt she can offer up
a more eloquent prayer of thanks."

A Superwoman.

"I understand Mrs. Prehson never
devotes more than an hour to select-
ing a spring hat."

"An exceptional woman."
"Yes, indeed. But more surprising
still, she never talks to anybody over
the telephone longer than three or
four minutes."

A Fan.

"Your friend has a remarkably
strong voice. What a pity he hasn't
some great message to deliver."

"Yes. It seems a shame for a man
with vocal cords like his to wear them
out in merely abusing the umpire."

One Way to Do It.

"No, sir," said Omar, "I never allow
a lie to pass my lips."

"How do you manage it?" queried
Helny. "Talk through your nose?"

His Sole Inspiration.

"What makes that man look so
wise?"

"I don't know unless it's the quan-
tity of sage tea he drinks."

Beneath Him.

Farmer—I'll give you \$5 a month
and your board!

Applicant—Aw, shucks! What do
you think I am, a college graduate?

225 Acre Farm For Sale

Meacham Farm Near Gracey
To Be Sold For Division.

The A. W. Meacham farm, one mile northeast of Gracey, is
offered for sale for division. It consists of three tracts of land, ly-
ing on both sides of the old Bellevue road. Two tracts of 112 and
45 acres lie along side each other on the South side of said road and
the other of 68 acres is just across the road, on the North side. A
cottage of seven rooms is on the large tract, with large barn, stable
and other out-buildings.

A never failing stream of water, known as Meacham's branch,
crosses the farm. A portion of the large tract is in timber. The
farm is rented for 1915, but partial possession for seeding crops
could be given in the fall. For further information apply to

CHAS. M. MEACHAM, Hopkinsville,
J. P. MEACHAM, Gracey, or
T. J. BAYNHAM, Edgerton.

Did You Ever
Stop to Consider

That an accident or sickness which destroys
the use of arm or feet, or causes the loss of
sight, is not only a physical calamity, but the
most severe of all losses.

It Means the Wasting Away of
An Estate Already Created.

the loss of any investment which is depend-
ent upon the present or future earnings—in
fact, the loss of the producing power, a dis-
aster worse than death could bring.

Better talk it over with us to-day. Our policies offer
better protection than others for the money expended.

We invite investigation and comparison.

TO MAKE TREE COMFORTABLE
Best Results Are Obtained by Preparing the Soil Year Before Planting—Drain Wet Land.

In planting a tree to make it grow—and there should be no other aim—the tree should be made just as comfortable in its new environment as possible. If the land is wet it should be drained, for trees will never thrive with wet feet.
The best results are obtained by preparing the land the previous year for the setting of the trees. Clover or cowpeas plowed under in the fall will make humus the following year and keep the soil about the roots.
Trees will often do well in poor soils and unfavorable conditions if good soil is placed about their roots, so that they get a good start the first year or so. After they once become established they can do considerable toward taking care of themselves.

Facts For Sufferers.

Pain results from injury or congestion. Be it neuralgia, rheumatism, lumbago, neuritis, toothache, sprain, bruise, sore stiff muscles or whatever pain you have yields to Sloan's Liniment—bring a new fresh blood, dissolves the congestion, relieves the injury, the circulation is free and your pain leaves as if by magic. The nature of its qualities penetrate immediately to the sore spot. Don't keep on suffering. Get a bottle of Sloan's Liniment. Use it. It means instant relief. Price 25c. and 50c. \$1.00 bottle holds six times as much as the 25c. size.—Advertisement.

Well to Avoid Loquacity.

The wise man knows just when to talk and when to be quiet. Many kinds of businesses are out of reach of the man who talks too much. A certain agent for a corporation was sent out a few years ago to get options on several tracts of land. He got along swimmingly, until an inquisitive old chap got after him. The old fellow was something of a psychologist and at once began to pour flattery upon the victim. The fellow couldn't stand it. He just had to have his say and began telling the shrewd old fellow about himself and his importance. Against his better judgment he talked too much.

OATS MAKE GOOD STOCK HAY
Crop Should Be Cut in Early Milk Stage of Grain—Barley and Rye Can Be Used Same Way.

If, for any reason, you will be short of hay this season, or a wind has smashed the oats down so you can't bind them, why not make them into oat hay?
Cut when in the early milk stage of the grain and cure as you would other hay. Barley and rye can be used in the same way to help out a short hay crop.
A ton of oat hay contains 36 pounds of digestible protein and a ton of red clover 133 pounds—only 50 pounds in favor of the clover so you see this makes a very good hay for growing stock or dairy cows.

The Colds of Mankind Cured By Pines!

Have you ever gone through a typical pine forest when you had a cold? What a vigorous impulse it sent! How you opened wide your lungs to take in those invigorating and mysterious qualities. Yes, Dr. Bell's Pine-Tar-Honey possesses those stimulating qualities and overcomes hacking coughs. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at hand. 25c.—Advertisement.

Serbian Superstition.

On the eve of St. Barbara's day in Serbia it is a custom to boil a small portion of every species of grain in a pot over a woodfire. In the morning the surface of the grain is critically examined, and should it be uneven it is thought a good omen. The grain is then thrown in spoonfuls into a neighboring stream, and if three wishes are asked for they are always said to be granted.

He Often Does to Other People.

When a girl smiles at a fellow it is no sign that he looks good to her. He may look funny to her.—Covington Republican.

WHITEWASH WILL LAST LONG
Mixture Recommended in One of Government Reports Makes White Surface and Is Enduring.

By GEORGE H. GLOVER, Colorado Experiment Station.
Whitewash is usually made by slacking lime with water, adding more water and applying with a brush or broom. At least this is the way we did it down on the farm.
A whitewash that will last longer than one season on the inside of buildings and which I believe has been recommended in one of the government reports is made as follows: Slack half a bushel of lime with boiling water, keeping it covered; strain and add a peck of salt that has been dissolved in warm water, three pounds of ground rice, boiled to a thin paste, half a pound of powdered Spanish whiting and one pound of clear glue dissolved in warm water. Mix and let the compound stand for several days. Apply as hot as possible, using a brush kept especially for the purpose.

This whitewash will cost more than the other and is quite enduring. Where whitewash is applied to rough board, fence posts, etc., for disinfectant purposes a more suitable mixture is made by adding water and some disinfectant to slacked lime. The above formula is intended more for inside finishing where in some places it will be quite as satisfactory as the more expensive paint.

A Clogged System Needs Attention.

Are you bilious, dizzy and listless? Dr. King's New Life-Pills taken at once seizes upon constipation and starts the bowels moving naturally and easily. Moreover it acts without griping. Neglect of a clogged system often leads to most serious complications. Poisonous matters and a body poorly functioning need immediate attention. If you wish to wake up to-morrow morning happy in mind and entirely satisfied, start your treatment to-night. 25c. a bottle.—Advertisement.

London has a school in which bachelors are taught to make beds, cook, sew and look after their home needs generally.

TO ERADICATE QUACK GRASS
First Thing Is to Know Seed and Then Refuse to Use Any Grain for Seed That Contains It.

As a usual thing, quack grass does not mature its seed in hay or in winter grain crops, since they are cut too early, but in hay that is left standing for seed and in spring grains it does become mature, and is carried from field to field or from farm to farm by the threshing machine, in manure, in hay and straw or in seed grain or grass seed.

The first thing to do is to learn to know quack grass seed and then re-

Quack Grass—(a, b, c.) Heads; (d) Underground Shoots; (e) Secondary Root.

fuse absolutely to use any grain for seed that contains it. As soon as the fall work is well out of the way get the fanning mill in working order and clean the seed grain so well that there is no weed seed of any kind in it. With oats and barley the work must be done particularly well, since quack seed resembles these to a certain extent, although it is much smaller. Buy your seed grain and grass seed early, and be absolutely sure that you get no quack seed in either.

Cooking is so important!

Good cooking helps the health and happiness of your family. Surely you should have a range that will enable you to do your best cooking. "Majestic" makes good cooking easy. It is not just "so much metal put together to hold fire"; each part is scientifically built to do its work just right. Majestic's malleable and charcoal iron, metals that resist rust and wear three times as long as ordinary range metals. All joints cold-riveted (no putty needed)—a Majestic stays tight—holds the heat in, maintaining uniform baking heat with least fuel. The Majestic provides perfect baking qualities, plus fuel-saving and work-saving features that you cannot get in ordinary ranges. The little extra it costs is more than repaid by the years longer wear that it gives. The health and happiness of your whole family is effected by the range you buy. Investigate thoroughly. Before you buy any range, come to our store and see the Majestic—we know you will want a Majestic when you see its advantages.

More and hotter water!

Majestic water heating front is fitted with eight hollow pins that extend right into the fire, giving greatest water-heating surface of any range made; heats more water much quicker and hotter than ordinary water front.

Removed Her Rival.
Burkeville, Ky., Sept. 15.—Mrs. "Ss" Biles, aged 35, wife of Dr. J. B. Biles, a prominent physician, who shot and fatally wounded Miss Lura Anderson, aged 20, Saturday afternoon at the latter's home, near the Clinton-Cumberland county line, has not been apprehended. Seven shots from a .32-calibre Colt's automatic pistol took effect, and Miss Anderson died Sunday night. Jealousy is said to have caused the tragedy.

Run Down and Killed.
Louisville, Ky., Sept. 13.—Andrew Hapzman, 45, an inmate of the home for the aged and infirm, was run down and almost instantly killed at St. Helen's, Ky., late Sunday. The man was struck by a mule team driven by James A. Keefe. The mules took fright at a passing steam roller and ran away.

Births in Berlin.
A 25 per cent decrease in the Berlin birth rate for July over the same month in 1914 is reported in a Reuters dispatch from Amsterdam. Children born in July, 1914, numbered 3,370, but only 2,520 were born in July, 1915. The number of births for May, June and July of 1914, was 10,030 against 7,523 for the same quarter this year.

Perjury School
Something of a sensation was created in Indianapolis in the trial of Mayor Bell when in outlining the case for the defense the Mayor's attorney charged that "a training school for perjurers by agents of the prosecutor's office" was maintained in Chicago.

James Carrol of Tacoma, Wash., once drove a motor car weighing a ton and a half down a wooden staircase of 700 steps.

BE EXAMINED
National Movement December 6th to 12th Will Include Medical Examination.

Plans for a national Medical Examination Day, a Children's Health Crusade Day, and a Tuberculosis Sunday, all to be held in Tuberculosis Week, December 6th to 12th, are announced by The National Association for the Study and Prevention of Tuberculosis.

Medical Examination Day is set for Wednesday, December 8th, and will be the first effort on a national scale to urge an annual physical examination for everyone. Plans for the day include an appeal to induce everyone, sick and well, to see a doctor and learn whether they are in good physical condition. The scheme includes also the inauguration on the part of factories, stores, and offices of an annual physical examination for all employees. Thousands of anti-tuberculosis associations, other societies and dispensaries all over the country are expected to co-operate in furnishing free examinations for those not able to pay a physician.

Children's Health Crusade Day on Friday, December 10th, is planned to interest and instruct school children in healthful living. Special exercises will be held at which lectures, essays, and playlets will be given on subject of health. This will also be the occasion for launching the Red Cross Christmas Seal sale in the schools.

The culmination of the campaign will be the sixth annual celebration of Tuberculosis Sunday. Last year on Tuberculosis Day over 100,000 churches gave attention to the subject of tuberculosis by sermons, talks, and announcements. The Governors of all the states will be asked to issue proclamations calling attention to the importance of increasing the knowledge of the public of how to avoid consumption. Clubs, lodges, and societies will also be asked to consider the subject at a meeting either on Tuberculosis Sunday or some other day of Tuberculosis Week.

Reign of Terror Ended.
The "possum hunters" are things of the past in Ohio county, according to Judge T. F. Birkhead. The recent conviction of five of the leaders of the gangs under indictment will set an example for that lawless element that has been daring anything in that county for the past several months.

According to Judge Birkhead, and it is the opinion of many of the law-abiding citizens of Ohio county, those recently convicted at the special term of circuit court held at Hartford will learn, before their terms have expired in the penitentiary, that the county of Ohio will not stand any longer for the cruel and inhuman outrages that have been committed in that section of the state. There are still many indictments pending against persons charged with the same offenses that the five men are who are wearing stripes behind the bars. The prosecutions will be called again at the October term of court, but whether or not they will be tried entirely with Commonwealth's Attorney Ringo. If the prosecuting attorney is convinced that the leaders are in the penitentiary, and there is some doubt as to the others indicted voluntarily entering these midnight mobs and gangs of lawless men, these men may go free, otherwise they will be tried and must suffer the consequences of the law.

At all events it is safe to predict that the whipping of men and women in Ohio county is a thing of the past. The officials of that county are cognizant of the fact that that element that have been committing the outrages will take a lesson from those who are now in the penitentiary. The officers that stepped in and took the lead in these proceedings, acted with the hearty approval of many of the good citizens of Ohio county, and no longer will depredations and outrages be committed in that county, for fear of meeting a fate like the fate of those who by their own confessions are now paying the penalty of their crimes behind prison bars. —Owensboro Inquirer.

Censor For Films.
The City Commissioners of Lexington have adopted an ordinance providing for a board of censors to pass upon moving picture films.

DEATH TO GRINGOES
Shout Made By Soldiers of the Carranza Faction.

SIX MEXICANS FOUND DEAD
U. S. Troops Rushed to Towns Threatened With Attacks by Border Bandits.

Brownsville, Tex., Sept. 15.—Two companies of infantry were hurried out of Brownsville tonight for San Benito and Lyford, north of here, on reports that there were dangers from Mexican bandits near those places.

With six Mexicans found dead five of them shot and one floating in the Rio Grande, the Brownsville valley tonight made extensive preparations to prevent reprisals or outbreaks during a two days' celebration of the Mexican national holiday.

It was stated that three escaped from the San Benito jail during the night and their bodies were found some distance from town with bullet holes in their backs.

The jail from which the Mexicans are said to have escaped is a frail wooden structure, much resembling an ordinary corn crib. The door was fastened with a padlock.

The Mexicans were employees of the ranch on which the detachment of troops, attacked Monday morning, were stationed. In the fight at the ranch one soldier was killed and several wounded.

Early last night a band of about twenty men carrying red flags, the emblem stamped on buttons worn by bandits found on the American side of the Rio Grande, occupied a vacated Carranza post opposite La Feria, Tex., about thirty miles northwest of Brownsville. A detachment of United States cavalry has been stationed at La Feria.

According to reports made to a my headquarters here, the Carranza troops abandoned the post late today. As the Mexican soldiers marched away several are said to have shouted, "Death to the gringos" (Americans).

BETHEL IS BOOMING
Big Opening Yesterday With Formal Exercises For The Public Friday Morning.

Bethel Female College was busy all day yesterday enrolling boarding pupils as they came in and were assigned to their rooms. The girls are coming in on every train and the building will be taxed to its full capacity of 65, including the resident teachers. President Peterson is now in a residence overlooking the campus in front and several new rooms were fitted up by cutting up the Library and Gymnasium into bedrooms. The formal opening with public exercises will take place tomorrow morning at 9 o'clock with music numbers and an address by President Peterson and perhaps talks by some of the visitors.

The opening is the largest for many years and the prospects are bright for a prosperous session.

Miss Virginia Purley, first honor pupil in the High School class of last June in the City High School's matriculated as a day pupil.

Henderson Wakes Up.
The Bee Liners reach Henderson again to-morrow at noon and will find the sleepy old town wide awake and ready to serve ten sheep, five shoats and fifty gallons of burgoon. The Gleaner's roast seems to have het up something.

Catarrh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

SHARP-GRAY
Early Morning Wedding in The Hustling Village of Edgerton.

Edgerton, Ky., Sept. 15.—Just as the morning sun was smiling gladly all over the land, and the hour of 6 a. m. arrived, a bridal party motored into our town. Mr. Harvey W. Hunt, the efficient and useful manager of our local telephone exchange had been previously notified, and tastefully and appropriately decorated his lovely home for the occasion. The time however was brief but hastily and skillfully the decorations were completed just as the bridal party marched in.

The contracting parties were Mr. A. A. Sharp, a prominent and popular business man of Ashland City, Tenn., and Miss Florence Irene Gray, a lovely and accomplished young lady of Clarksville, who had been a teacher in the Longview Public School. Mr. Sharp came over into Kentucky to meet and wed his prospective bride-to-be, and persuaded her to join with him in the holy bonds of wedlock in Edgerton at an early hour in order to surprise his friends and take the Tennessee Central train at 6:30 a. m. for an extended bridal tour.

Rev. E. L. Edens, pastor of the Salem Baptist church, in an appropriate and beautiful ceremony, pronounced the happy couple man and wife, and they immediately departed on the early train, after many brief and hasty congratulations.

We wish you, Mr. and Mrs. Sharp, God speed, and that your joys and happiness be unconfined, and your return to our village as joyous and pleasant as your departure.

X. X. X.

GETTING USED TO IT

"Is your daughter improving in her playing?"
"Either that or I'm getting used to it."

HIS IDEA.
Bill—Now I'll give you a new one on the phonograph.
Jill—Who is that making the noise?
"That's the lightning quartette."
"Sounds like thunder."

NO, INDEED.
Bill—The smallest apartment houses are those occupied by bees. In a cubic foot of honeycomb there are about nine thousand cells.
Jill—I suppose it is not alone the janitor who does the stinging?

TERPSICHOIRE.
Chorus of Moose Meadow Girls (to Uncle Abner, who has spent three days in New York)—Oh, uncle, now you can teach us all the latest dance steps, can't you?—Puck.

SAME LINE.
"Billions began life by watering horses and cows on a farm."
"And he's still watering stock in Wall street."

NOT SO MUCH.
"I can throw all comers at first touch."
"That's nothing; so can a banana peel."

AWFUL!
"It would be horrible!"
"What would be?"
"A strike of the dry cleaners during the white flannel trouser season!"

KEPT HIS WORD.
She—You promised to stop smoking when we were married.
He—Well, I did. They wouldn't allow smoking in the church.

New-Way Wonder for Corns, "Gots-It"
The Big Surprise for Corn Owners. It's Sure, Simple, Safe, Quick.

Listen to the wee story of "Gots-It," the world's greatest corn remedy. It's a short story—only about two feet. "Mary" had a little "Gots-It," and a corn upon her foot; and every time she put on "Gots-It," the corn was sure to go. "Gots-It," like thousands of others, used to be a heroine, suffering martyrdom, using painful bandages, irritating salves, sticky tape, toe-harnesses, blood-bringing rasors and solersol, she says now there's no sense in it. Use "Gots-It," applied in 3 seconds. Easy, simple, new way—just painless common sense! Millions are doing it. Never fails. You can wear smaller shoes now. You don't have to limp around any more, or walk on the side of your shoes to try to get away from your corns! You know for sure before you use "Gots-It" that the corn or callus is going away. For corns, calluses, warts and bunions.

"Gots-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Hopkinsville and recommended as the world's best corn remedy by L. L. Elgin and J. O. Cook.

NEW HOTEL AND SANATORIUM FOR DAWSON.
One of the biggest real estate deals in Western Kentucky in recent years was consummated Saturday, when John Delker, president of the John J. Delker Buggy company, of Henderson, and E. H. Staniger, prominent hardware man of Dawson Springs, sold the plot of ground known as the "Park" in Dawson Springs, to the Park Realty Company, of Nashville.

The consideration could not be ascertained. G. H. O'Kain who represented the Nashville and Louisville capitalists, stated that it was a handsome figure. He further said that his company at an early date would begin the erection of a two hundred thousand dollar hotel and modern sanatorium.

Benjamin Littleton, brother of Martin Littleton, of New York, is president of the Park Realty company, and H. A. VanTrease, assistant cashier of the State Bank & Trust Co., of Nashville, is the secretary. Mr. Blackwood, of Louisville, is among the Louisville stockholders.

Captain Davis, architect of the Inter Southern Life Insurance building in Louisville, is working on the plans for the new building. Recently he has visited prominent anatomists of the country to get ideas for the new building.

The new building will be erected within four hundred yards of the New Century Hotel.—Hustler.

Meeting at Vaughan's Grove.
On next Sunday there will be an all-day meeting at Vaughan's Grove church. Preaching by the pastor at 11 a. m., addresses and good music in the afternoon. Let all come and bring a lunch—not a big dinner—and have a good and profitable day.

WARNING NOTE TACKED TO WOMAN'S FRONT DOOR

Wife of Andrew Harrison Warned to Leave--Husband Witness Against Alleged "Possum Hunters."

Evansville, Ind., Sept. 13.—Mrs. Andrew Harrison, living at 401 Third avenue, found a note hanging on her front door to-day that read as follows:

"Mrs. Harrison—You know this means you had better go. Take this as a warning from Kentucky people."

Mrs. Harrison is firm in the belief that the notice was written by "Possum Hunters," and she has applied to the police here for protection. Her husband, Andrew Harrison, is in jail here on the charge of shooting with intent to kill and his family and friends believe he was arrested on a trumped up charge to prevent his going to Greenville, Ky., this month and appearing against several men who are charged with whipping people, among them being Harrison.

Harrison lived at Greenville several months ago and says he was taken out one night by a gang of masked men supposed to be "possum hunters," given a severe flogging and warned to leave the community and never return. He removed with his family to Evansville.

Wallis-Brown.

Mr. and Mrs. A. M. Wallis announce the approaching marriage (October) of their daughter,

Mattie Cynthia Wallis,

to

Mr. J. Harry Brown. Mr. Brown is a traveling representative of Swift & Co., St. Louis, with whom he has been for the past ten or twelve years, with headquarters at Central City.

Mix-up of Autos.

Miss Nellie Sowers, of Lexington, was killed and two men were hurt, one perhaps fatally, in a triple collision near Lexington. One auto hit a buggy and another ran into the wreckage.

CLARKSVILLE MAN COMMITTS SUICIDE

Dr. J. A. Lyon, Member of S. W. P. Faculty, Takes His Life.

Clarksville, Tenn., Sept. 15.—Dr. L. A. Lyon, aged 63, who for more than thirty years had been a professor in the Southwestern Presbyterian University, and who was one of the foremost citizens of Clarksville, committed suicide Sunday afternoon. Dr. Lyon had been in ill health for some seven or eight months, having first been taken down with a severe attack of grippe, followed by a lingering and very painful attack of sciatica. As a result of all this, his nervous system collapsed and he became morbid and depressed.

Record Broken.

The opening attendance of the thirteenth annual Kentucky State Fair was 27,925, which broke a record for a similar day.

THE ONLY CHANCE LEFT.

"Why is Miss Oldgirl marrying that awful rounder? He's sure to lead a double life."
"Evidently she's tired of a single one."—Hobart Herald.

THE REASON.

Publisher—Why did you put in a mad-dog scene in this story for children?

Author—Didn't you tell me it needed snap?

WATCHFUL WAITING.

Knicker—Was it the witching hour of three when you got in?
Outlate—Worse; it was the watching hour of three.

PISCATRIX.

Stella—Can you fish?
Bella—Well, if someone else baits it and catches it and takes it off the hook I can tell the lies.

HAS DEVICE TO FOIL PARTY LINE LISTENERS

New York.—That he has solved the problem of limiting telephone party lines to one receiver and one sender of messages, although many persons may be on the same wire, is the belief of Louis M. Manders, of Orange, N. J., who has applied for a patent on a new device which instantly deadens all house connections save the one in use until the user has finished talking.

Especially in the country districts, where it has been the custom for the villagers to enjoy gossip by simply taking a receiver off of the hook while neighbors hold conversations, will the arrangement be welcomed, Mr. Manders believes.

Records of the United States patent office, where Mr. Manders was employed for many years, show no less than 300 patents have been issued to accomplish the lockout of all parties but one on a so-called party wire. None, however, is in actual use.

Died at Pembroke.

Mrs. H. H. Bollinger died at her home in Pembroke yesterday, aged 69 years, of paralysis. She is survived by her husband and three children. H. M. Bollinger, of this city, Harry Bollinger and Mrs. Carnee Buckner, of Pembroke. Funeral services will be held this morning at 10 o'clock and interment will take place in the Pembroke cemetery.

What the Right Hand Doeth.

So long as human nature remains what it has been for uncounted centuries, and so long as every kind of art depends upon human patronage for its daily crust and cup of water, the wise artist will be he who conceals his intention of teaching and uplifting his fellows behind a mask of friendly equality which conveys the two impressions, that he needs help more than they do, and that they are capable of fully solving the problems which he is able only to present.—Caryl Storrs.

Caught By Landslide

Palmer Graves was caught by a caving embankment at his lime quarry on Elm street Tuesday and buried in his waist. The small bone of his left leg was broken in two places above the ankle.

McGehee-Coleman.

Mrs. N. A. Hopson gave an announcement party at Gracey a few days ago, announcing the approaching marriage of Miss Laura Boone Coleman to Mr. Clopton V. McGehee, which is to take place, Sept. 28, 1915.

Something In a Name.

In Pittsburgh a Mr. Goode married a Miss Damme and the local papers headed the announcement Damme-Goode.—Elizabeth Town News.

Almost an Ultimatum.

President Wilson is on the verge of reversing diplomatic relations with Germany. What amounts to a demand for a disavowal in the Arabic matter has been given to Bernstorff.

Widow Suicides.

Mrs. Josie Jones, 26, widow of the late Luther Jones, was found in a pond near her home, near Mayfield Sunday morning. She had drowned herself some time during the night.

The government of the Philippines will import breeding cattle from India and China with a view to improving the native stock.

REQUIREMENTS FOR RURAL TEACHERS.

The people of Kentucky cry continually for better schools. In order to have better schools we must have better teachers. In order to have better teachers than we have they should be paid better salaries, but that is not all, there should be a more efficient way of selecting them so that the fittest shall survive.

The Kentucky school laws are good, our systems are good, but still there is room for improvement.

In Kentucky about ninety per cent. of the teachers are women. A few will make it a profession, the most will after a few years marry, or quit to do something else. The men who teach will in a few years either leave the profession or go to graded schools or colleges.

There are at our very doors, High School and College graduates, efficient teachers, unemployed. There are teachers, who have gone little if any beyond the eighth grade, whose souls have never been inspired by the vision of a higher life, teaching schools that the efficient ones could not get. These cases may be few, but let me say unto you people of Kentucky that one life is worth educating and giving a vision of high ideals.

In too many instances our trustees are men of narrow range, who have too small a vision for their schools. I have met them in home and school and some have argued that the ear was flat, and science a fake. That germs did not exist, what was to be would be. I am not knocking on the trustees, but these conditions do exist, and what kind of teacher will such a man bring his school?

County boards have tried to raise the requirements but as our law is, it is hard to do. Could not our law be amended? Each applicant should be required to file, with the written application, his certificate or diploma, or statement of credits given by schools he has attended; one with the county superintendent, one with the trustee, one with the division secretary or chairman; and then the applicant who furnished the best record of past work and qualification should be elected regardless of the will of the local trustee.

This morning I addressed a student body. I was once their instructor. When I left them I thought it doubtful if I had done any good. This morning I found some familiar faces, others were gone, some were now teachers, others students in higher schools, they said. And I was glad to know that I had been able to give some of these boys and girls a vision of higher life, which I could have never done had it not been for my high school training. When I asked them to meet me in the University to which I was going there was no word spoken, but I knew from the look in their eyes that we had made a silent agreement to meet in the higher fields of education.

JUDGE BENTON CHARGES ROTTENNESS IN PRIMARY

Defeated Candidate For Renomination To Bench Urges Probe By Grand Jury.

Winchester, Ky., Sept. 15.—The September term of the Clark Circuit Court opened here and the feature of the first day's proceedings was Judge Benton's charge to the grand jury. It will be recalled that Judge Benton was defeated for the nomination for Circuit Judge in the recent primary by County Judge Shackelford, of Madison, and in his charge to the grand jury, he dwelt at length on the "rotteness of the primary," characterizing it as the worst in the history of the county. He urged that a thorough investigation be made and closed by offering to testify himself before the body at any time they would need him.

PUBLIC SALE

Having decided to quit farming I will on Thursday, the 23rd day of Sept., at my residence on the Campbell farm, near Masonville, 3 miles South of Casky, offer for sale 9 head horses and mules, 16 head cattle and all of my farming utensils, consisting of wagons, plows, binder mower, harrows, roller, harness, buggy and surreau. Also 200 barrels of corn.
J. H. DILLMAN.

Commits Suicide.

Louisville, Ky., Sept. 16.—John Heil, 40, ended his life at his home, 1135 Rammers avenue, by sending a bullet through his brain. Seven years ago twins were born to Mr. and Mrs. Heil. Three years ago his favorite son, one of the twins, died. Mrs. Heil said her husband has been brooding ever since. Besides his widow, two sons survive.

Let us have those fall and winter clothes and dry clean and press them up before the cool weather. They won't be new but your friends will think they are.

STATEWIDE FOR SOUTH CAROLINA

Unofficial Returns Give Majority of Two to One for "Drys."

Columbia, S. C., Sept. 15.—South Carolina yesterday adopted statewide prohibition to take effect January 1 next, in place of the present local option system, according to unofficial returns here late tonight from throughout the state. The vote, with almost complete returns from a majority of the forty-four counties, stood 33,104 for prohibition to 14,157 against.

The Knocker's Creed.

The following "Creed of the Knocker" has been sent The Courier. "I believe that nothing is right. I believe that everything is wrong. I believe that I alone have the right idea. The town is wrong, the editor is wrong, the teacher is wrong, the people are wrong, the things they do are wrong and they are doing them in the wrong way anyhow. I believe I could fix things if they would let me. If they don't I'll get a lot of fellows like myself and we will have a law passed to make others do things the way we want them done."

"I do not believe the town ought to grow. It is too big now. I believe in fighting every public improvement and spoiling everybody's pleasure. I am always to the front in opposing things and never yet advanced an idea or supported a movement that would make the people happier or add to the pleasure of man, woman or child. I am opposed to fun and am happiest when at a funeral. I believe in starting reform that will take the joy out of life. It's a sad world and I'm glad of it. Amen."—Evansville Courier.

LIVE STOCK NOTES

Keep young pigs inside during a rainstorm.

Keep the best ewe lambs to re-enforce the flock.

Lambs will begin to eat grain at about two weeks old.

Protect your farm from hog cholera by keeping it clean.

Do not allow any check in the growth of young pigs.

A pig will always keep its bed clean if it has any chance at all.

The 300-pound pig at eight months is masterwork of the feeder.

How about an alfalfa pasture with shade and fresh water for your hogs?

The sanitary concrete hog wallow has found a permanent place on many farms.

The essential point in using pure-bred draft mares on the farm is intelligent management.

It is a good thing to allow all the exercise and fresh air possible to the mares that are with foal.

Coughs That Are Stopped!

Careful people see that they are stopped. Dr. King's New Discovery is a remedy of tried merit. It has held its own on the market 46 years. Youth and old age testify to its soothing and healing qualities. Pneumonia and lung troubles are often caused by delay of treatment. Dr. King's New Discovery stops those hacking coughs and relieves la grippe tendencies. Money back if it fails. 50c. and \$1.00—Advertisement.

Mica in New Hampshire.

Mica mining in the United States commenced in 1803 with the opening of the Ruggles mine in Grafton County, N. H., and until mica mining began in North Carolina, about 1867, New Hampshire furnished the mica output of the United States. In 1914 North Carolina ranked first in the value of its mica output, and New Hampshire second. In New Hampshire mica is still obtained in considerable quantity from the dumps of the old mines at which material suitable for small sheets was thrown away 30 years ago, and the dumps still to be worked over are large.

Knockers.

Sometimes it's an opportunity that knocks. Oftener it's only a man.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine
 A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At drugists. 50c. large box, or by mail, The Paxton Toilet Co., Boston, Mass.

DISEASES OF POTATO

Results of Experiments Conducted at Cornell Station.

Amount of Scab Reduced by Sulphur Treatment of the Soil Before Planting—Trouble in No Case Entirely Eliminated.

The results of a series of experiments conducted by the New York Cornell station to determine the value of sulphur for preventing potato scab and its effect on the subsequent crop and on its possible fertilizing value, are shown in a report received by the department of agriculture.

It was found that sulphur treatment of the soil against potato scab, when applied at the rate of from 450 to 900 pounds per acre, sown broadcast and thoroughly mixed with about two

Habits of Growth.
 No. 1—White Pearl.
 No. 2—Improved Peachblow.
 No. 3—Rural New York.

inches of the surface soil just before the potatoes are planted, considerably reduced the amount of scab. In no cases, however, was scab entirely eliminated. When lime was applied at the rate of from 350 to 400 pounds per acre, in conjunction with 450 pounds of sulphur, the fungicidal power of the sulphur was reduced to practically nothing. When the same quality of lime, with 900 pounds of sulphur, was used, the fungicidal value of sulphur was not reduced, and at the same time its injurious after effect on the crop was considerably diminished.

Sulphur added to commercial fertilizer reduced the value of the fertilizer more or less noticeably, although a small quantity of sulphur, about 100 pounds per acre on certain soils, was found to have some fertilizing value for potatoes. Where it was used in quantities of over 300

Potato Diseases.
 No. 1—Apparent Scab, Work of the Beetles.
 No. 2—Deep Scab.
 No. 3—Surface Scab.

pounds per acre it seemed to be more or less injurious to the crop. As a rule the effect of sulphur treatment on the potato crop in the succeeding season is that of reducing yield and scab, the scab being reduced more than the yield.

PROFITABLE AS "SIDE LINE"

To Raise Few Nice Sheep One Should Have Good Stock, Pastures and Buildings for Animals.

A profitable side line of farming is to raise a few nice sheep every year for men who are willing to pay a bit extra for the sake of improving their stock. To do this, one should have good stock and good pastures and good barns, as well as a good man to care for them.

In disposing of such stock be fair about it. A reasonable profit is all right. If you try to overdo the matter you will break down, and be out of the business.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

WAR! What Is It All About?

HAS the whole world gone stark mad over a very foolish and trivial question? Are swords rattling, cannon rumbling, mailed armies plighting just because Russia wanted to show her love for the little brother—Serbia?

Tear aside the curtain of Europe's politics and see the grim and sinister game of chess that is being played. See upon what a slim, yet desperate, excuse the sacred lives of millions may be sacrificed. Read the history of the past one hundred years, as written by one of the greatest authorities the world has ever known, and learn the naked, shameful truth. Just to get you started on a Review of Reviews subscriber, we make you this extraordinary offer. We will give you

FREE!

Duruy's History of the World

Four splendid cloth volumes, full of portraits, sketches, maps, diagrams

Today is the climax of a hundred years of preparation. Read in this timely, authoritative, complete, AND THE ONLY CONDENSED classic world history—of which over 2,000,000 copies have been sold in France alone—just what has taken place in the inner councils of Europe during the past one hundred years. Read in these entrancing pages how Russia has for years craftily been trying to escape from her darkness—to get a year-round open port, with its economic freedom. Read how Germany and Austria, fearful of the monster's latent strength, have been trying to checkmate her and how they have pinned all in this last, supreme stake.

The Lesson of the Past

This master of the pen shows you the glory that was Greece's and the grandeur that was Rome's. He guides you through the Middle Ages, the picturesque old days of feudalism and the crusades through the Renaissance up to contemporary history, which Prof. Greenough completes in brilliant manner. In the story of the past lie the secrets of today. And you will understand them better when you get the Review of Reviews for a year—for the Review of Reviews will give you a new interpretation of the events that are taking place with such rapidity. It is not enough to read the daily news reports. Your ability to comprehend conditions, and to discuss them rationally depends on a true interpretation of the meaning and the "reason why" of events. In your mind you must bring order out of chaos—and the Review of Reviews will do it for you.

Get the REVIEW OF REVIEWS for a Year

Send No Money

Send the coupon only. It brings the whole set—four volumes—charges prepaid—absolutely free. All we ask is that—after you get the books and like them—you send 25 cents for shipping and \$1.00 a month for three months to pay for the Review of Reviews. If the books don't please you, return them at once. But be prompt. The world-wide fame of Duruy will make these 5,000 acts disappear from our stock room at once. Send your coupon today—and be in time.

Review of Reviews Co., 30 Irving Pl., N. Y.

FAIRM STOCK

SAVES EFFORT MOVING HOGS

"Live-Pork Wagon" is Extremely Useful in Handling Swine—Inexpensive and Easily Made.

This drawing shows the plan of my "live-pork wagon." That it is handy and useful is demonstrated by the big demand there is for it among my neighbors, writes C. H. Patridge of Valley county, Nebraska, in Farmers Mail and Breeze. I made it out of an old buggy that had been discarded. The floor of the crate is made of two 1 by 5-inch boards 5 feet long. The

"Live-Pork Wagon."

standards are 2 by 2's and wagon bed straps are used for braces, just as in a wagon bed. The top and front end are made of 1 by 2-inch strips. The end gate is made of rough lumber with heavy strips to prevent breaking when loading heavy hogs. Two heavy strap hinges are fastened at the bottom, being bolted on to give strength. Two catches at the top hold the gate up when closed. Once a hog is half way in you can grab up the end of the gate and in he goes.

The bottom should not be more than 10 inches above the ground. The front axle may be used as it comes from the buggy, the crate being narrow and set back far enough to permit turning. A drop axle is used for the rear wheels. This wagon hauls Duroc-Jerseys better than any other breed of hogs.

KEEPING HOG LOTS SANITARY

Once of Prevention is Worth More Than Pound of Cure—Provides Clean, Wholesome Food.

Never wait until your hogs begin getting sick before you begin to clean up and improve the sanitary condition of their quarters. In this matter an ounce of prevention is worth more than a pound of cure. The plan should be to prevent by cleanliness, good sanitation and plenty of pure, fresh water, your hogs from getting sick, and it can be done by the proper kind of treatment.

Give your hogs plenty of clean pastures where there are no longer hog disease germs in the soil, and provide clean, wholesome food; scald, disinfect and clean the troughs and swill barrels while the hogs have good health, and don't wait until they are sick to begin it. This should be done frequently during warm weather especially.

And above all things, don't compel your hogs to lie in their own filth, or any other filth for that matter, for it breeds disease. Clean quarters, clean food, clean water, pure air are the best preventives against hog cholera.

CATTLE KILLED BY LIGHTNING

Ground Wire Attached to Fence Will Afford Protection During Sudden Electrical Storms.

During the season of severe thunder showers many cattle are killed by lightning. Why not reduce the risk? Briefly, here is what one interested party recommends as a step toward protecting animals in pasture during sudden electrical storms: Ground pasture fences at least every 20 rods. Use No. 9 wire. Staple it down the post across the strands of fence wire. Extend the wire into the ground about three feet, and allow it to project a few inches above the top of the post.

Kentucky Fair Dates.

The following are the dates set for holding the Kentucky fairs for 1915, as far as reported:

Horse Cave, Sept. 22-4 days
Glasgow, Sept. 29-4 days.
HOPKINSVILLE, Sept. 29-4 days
Cave City, Oct. 4-6 days
Murray, Oct. 6-4 days.

Mrs. John Drew Better.

McLeansboro, Ill.—"About five years ago," says Mrs. John L. Drew, of this place, "I was afflicted with pains and irregularity every month. I suffered continually, was weak and despondent, and unable to do my housework. I took Cardui, and in one month, I felt like a new woman and worked hard all summer. I am now in perfect health, and recommend Cardui to all suffering women." Every day, during the past 50 years, Cardui has been steadily forging ahead as a result of its proven value in female troubles. It relieves headache, backache, womanly misery and puts fresh strength into weary bodies. Try it.—Advertisement.

DAIRY THE DAIRY

MAKING A PROFIT IN CREAM

Many Dairymen Are at Loss to Know Which is Most Profitable Way to Dispose of Product.

(By G. L. MARTIN, Montana Experiment Station.)

The rapid development of the ice cream business within the past few years and the increased call from city trade, hotels and restaurants has created a large demand for sweet cream. For these trades it is desirable that the cream should test about 20 per cent, but often the test may vary up to 40 per cent, depending greatly upon the method of operating the hand separator. When selling cream to creameries, the price is quoted per pound of butterfat, but for ice cream and hotel purposes it is customary to pay by the gallon. As a consequence many dairymen are at a loss to know which is the most profitable way to dispose of their cream. The following general rules may serve to determine the relative market price per pounds of butterfat or gallon of cream:

To find the value of a gallon of cream when butterfat is a certain price per pound, multiply the percentage of fat by 8 (the number of pounds in a gallon) and the product by the price per pound. At 30 cents per pound for fat, 20 per cent cream would be worth 48 cents per gallon; 25 per cent cream, 60 cents per gallon; 30 per cent cream, 72 cents per gallon; 40 per cent cream, 96 cents per gallon. At 35 cents per pound for fat, 20 per cent cream would be worth 53 cents per gallon, and so on.

To find the price per pound for butterfat when the price per gallon of cream is known, divide the price per gallon by eight times the per cent of fat. At 40 cents per gallon, 20 per cent cream would be worth 25 cents per pound of fat. At \$1 per gallon, 40 per cent cream would be worth 31 1/4 cents per pound of fat.

CONVENIENT AS MILK STOOL

Lard Tub or Large Candy Pail Can Easily Be Converted Into Handy Device for Dairy Barn.

(By G. A. RANDALL.)

The cut shows a handy milk stool and one very easily made. From a lard tub or large candy pail, with a key-hole saw cut out the wood at the top, as shown. One may thus make three or more legs, as desired. I find four

A Convenient Milk Stool.

are best. The top hoop must be removed to do this. Remove the side handles or ball and cut in the center of the bottom two semicircular openings to fit the hands as desired, these for a handle. This stool is stout, light and the right height for an ordinary person.

Most Profitable Cow.

The dairy farmer realizes that the comfortable cow is the most profitable cow and that induces him to look after the comfort of all his stock. Naturally he gets better returns from them.

Cleaning Dairy Pails. In cleaning the dairy pails, special attention must be given the ears and seams, else dirt and milk will be lodged there, souring and tainting the milk as soon as drawn.

Unprofitable Cow.

There is no longer an excuse for the unprofitable cow, the Babcock test and a pair of scales, and it is easy to ascertain whether or not she is "delivering the goods."

DAIRY NOTES

To have your cows milk long, milk them clean.

Uneven salting and working make streaky butter.

Good cows are the first essential of profitable dairying.

It pays to please and satisfy a cow. A happy cow is a profitable cow.

Use the curry comb and brush on the dairy cow every day. It pays.

To feed economically, cows should be fed as individuals, not as a herd.

Cream that is being ripened should be strained several times before it is ready for churning.

There is more money in feeding a steer than in feeding a poor dairy cow, and much less work.

Protect the cream and milk from being contaminated by stable air by keeping the cans covered.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The year 1914 has been the most extraordinary in the history of modern times. It has witnessed the outbreak of the great European war, a struggle so titanic that it makes all others look small.

You live in momentous times, and you should not miss any of the tremendous events that are occurring. No other newspaper will inform you with the promptness and cheapness of the Thrice-a-Week edition of the New York World. Moreover, a year's subscription to it will take you far into our next Presidential campaign.

THE THRICE-A-WEEK WORLD'S regular subscription price is only 1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

Send all subscriptions to Kentuckian office.

STUDIO OF MUSIC!

Miss Mabel Moore, piano instructor, pupil of Robert Teichmuller, of the Leipzig Conservatory, with Miss Annie Virginia Trice, instructor of voice, pupil of Thos. N. McBurney, announce that they will open a Studio of Music, with departmental work, on Wednesday, Sept. 1st, in the Cooper-Davis Bldg., South Main St., Room No. 1.

A joint recital will be given by these young ladies at an early date, to be announced later.

KENTUCKY PUBLIC SERVICE CO. INCORPORATED

NEW CAVE IS FOUND

Named "Great Onyx" and Its
Air Will Cool a Fine
Hotel.

Brownsville, Ky., Sept. 15.—On Green river, two and one-half miles east from Mammoth Cave, on the farm of L. P. Edwards, there has been recently discovered the Great Onyx cave, which in its magnificent grandeur and beautiful formations rivals Mammoth Cave.

The "Great Onyx" has been explored for a distance of five miles and opened up to the public a greater part of the distance. The beautiful avenues branch out near the opening, and to traverse the route explored requires four hours. Louisville people will build a large hotel at the Great Onyx, and in summer the buildings will be kept cool by the air piped from the cave and the cave will be lighted by electricity.

SOLD HOUSE

On Methodist Church Lot For
\$700---To Be Torn Down.

The committee to dispose of the Anderson house, on the new lot of the Methodist church, sold the house Thursday for \$700. The heating plant was sold to J. M. Morris for \$250 and the house itself to C. L. Mayes. Esq. Morris will install the plant in his own house. Mr. Mayes will demolish the house and use the materials in some smaller houses to be erected on lots he owns on Wallace street, near the High School. They have two weeks to get the house off the lot and work was begun Thursday morning.

The house is a large two-story frame, originally built by J. M. Howe, about 30 years ago, and afterwards added to by J. H. Anderson. The cost of the house was probably \$6,000 to \$7,000.

LOSES PIG

Gordon Nelson One of The
Sufferers From Heat.

In reporting the loss of stock from heat at the State Fair, the Herald says:

"Two of the heaviest stock losers, incidentally, are boys, members of the Farm Boys' Encampment.

B. G. Nelson, Jr., of Christian County, whose father is the superintendent of the Farm Boys' Encampment, suffered the loss of a big-boned Poland China registered hog, was five months and twenty-three days old and weighed 280 pounds.

A Hampshire pig, weighing 300 pounds and owned by Johnny Woodward, of Jessamine County, died of the heat soon after it was unloaded from the car. The pig was seven months old, and, according to swine experts, stood a strong chance of capturing the sweepstakes.

PURELY PERSONAL

Mrs. L. McF. Blakemore, who is with her son Page Blakemore, at Lexington who was injured in a mine accident writes that the young man is still suffering very much, but his condition is more encouraging.

Mrs. Geo. B. Taylor and daughters have returned from the Panama-Pacific exposition.

Douglas Metcalfe, James West, Thomas Metcalfe and Harry Merritt left yesterday for Lebanon, Tenn., where they will enter Castle Heights school. Sam Sacks will leave Sunday to join them.

Mr. and Mrs. M. F. Winfree have returned from a visit of several weeks to California.

Mrs. B. F. Coulter, of Los Angeles, Calif., is the guest of her sisters, Mrs. Eugene Wood and Mrs. Nannie Moore.

Cunningham-Malone.

Clarksville, Tenn., Sept. 15.—Mr. Owen Cunningham of Graves county, Kentucky, and Miss Sudie Malone of Cadiz were married here Monday. The happy couple left immediately in an auto for their new home.

SUFFERING IS ENDED

Mrs. Laura Farnsworth Passes
Away at Home of Her
Daughter.

Mrs. Laura H. Farnsworth, widow of the late Henry A. Farnsworth, for some years proprietor of the flouring mill at Pee Dee, this county, died last Saturday at the home of her daughter, Mrs. George Stocker, in Clarksville. Death was the result of a complication of diseases from which she had been a sufferer for three years. She was a member of Newstead Presbyterian church, which she joined about 50 years ago. Two sons, Robert Farnsworth, of Asheville, N. C., and Joe Farnsworth, of Nashville Tenn., survive. The interment took place in Nashville.

Chit Chat

UNDERWOOD—Thomas Underwood, fresh from an experience covering two summers with the Kentuckian, has entered the Kentucky University School of Journalism, skipping two years of the course of four years. This is a compliment that any boy should be proud of and he is now in position to receive a degree in two years. He has also been given some active work on the Lexington Leader in reporting University news.

WENDLING—George R. Wendling, the greatest of them all, in the lecture field, died at his home in Charleston, W. Va., Tuesday. He was famous as a writer and as a popular lecturer had few equals anywhere. He was 70 years old and had often been heard in this city when at the zenith of his fame in "Stonewall Jackson," "Saul of Tarsus," "Mirabeau" and others of his great lectures. One of his sons married Miss Jean Haldeman, of Louisville.

HOWELL—There came very near being a terrible mishap in the speaking program of the Dixie Bee Liners Monday night. Col. Howell almost missed being in the party at Madisonville. John Garnett was to take him in his car but his carburettor wouldn't work and after several hours he gave up in despair. Col. Howell has a set of vocal organs that work whether carburettors do or not and it was imperatively necessary to get him to Madisonville, auto or no auto. John's surrender came within a few minutes of train time and when Ben Hill received a message that Col. Fort had already made two speeches Col. Howell struck a bee line for the depot and his eloquent voice was heard two hours later 35 miles away.

PYLE—Edward C. Pyle, a Ferrell's Boy of 1892, now a prosperous Jeweler of Pensacola, Fla., is in the city on a visit to his parents, Mr. and Mrs. Jas. F. Pyle. He says he will try to attend the reunion next August and meet all of the boys.

COWHERD—S. L. Cowherd, President of the Pennyroyal Fair, is the judge for Jersey cattle at the Princeton fair next week. Alex Wallace, will judge beef cattle.

Death Bed Marriage.

New Orleans, Sept. 15.—Andres Molinary, the noted portrait painter, who died here Saturday, was married the day before to Miss Marie Madeline Seebold of this city. It became known Sunday, the wedding having taken place in the hospital where Molinary had been ill several weeks. Mrs. Molinary, who since girlhood had been a pupil of Molinary, is well known throughout the south as an artist.

Caught an Old One.

Selmer, Tenn., Sept. 13.—Mrs. Mollie Adams and J. P. Hooper, both of this county, were married this morning at the home of the bride, nine miles south of Selmer. The bride is 45 and the groom is in his eightieth year. Each of the contracting parties have been married twice.

Two Americans Killed.

Two American soldiers were killed in a battle with Mexicans near Brownsville, Tex., and troops are held ready for further attacks. A third trooper was wounded.
